NOAA Air Resources Laboratory
June 15-18, 2021

2. Asking Questions

**+ additional Workshop guidance
and resources posted at
[Workshop Web Page](#)**

1. Using the Go-to-Webinar Interface

Using the Go-to-Webinar Interface

**Click the red
arrow to toggle
between hidden
and not-hidden**

If the Go-to-Webinar
Control Panel is
hidden (minimized) it
will look like this

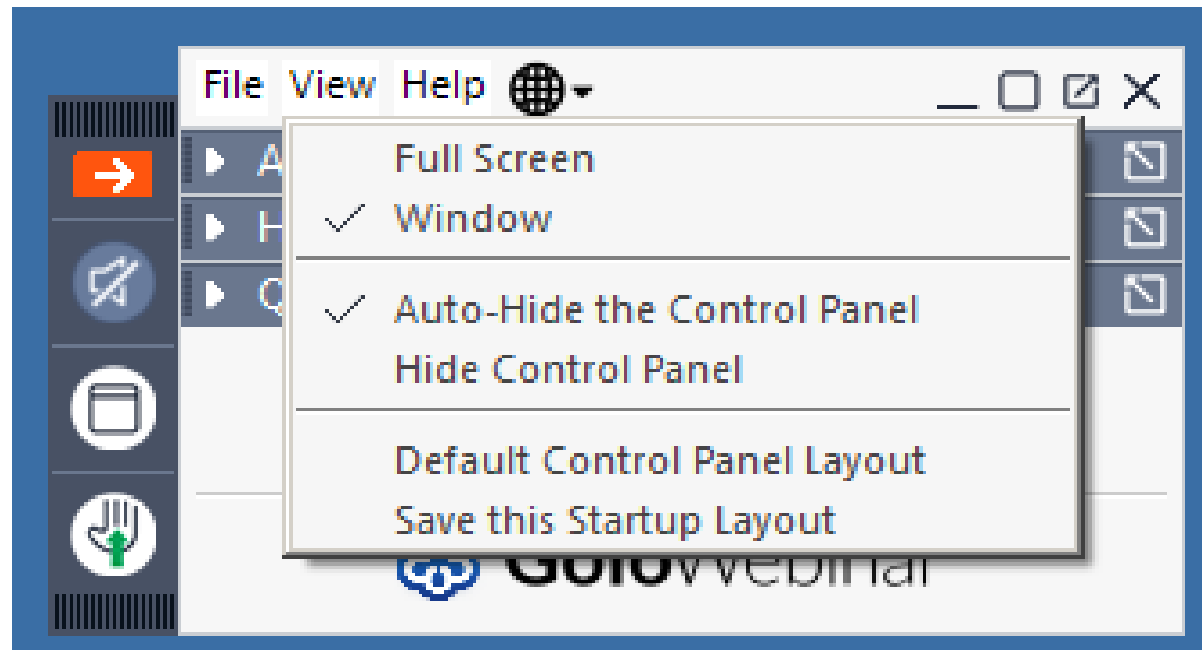

If not hidden, the Go-
to-Webinar Control
Panel will look
something like this

Using the Go-to-Webinar Interface

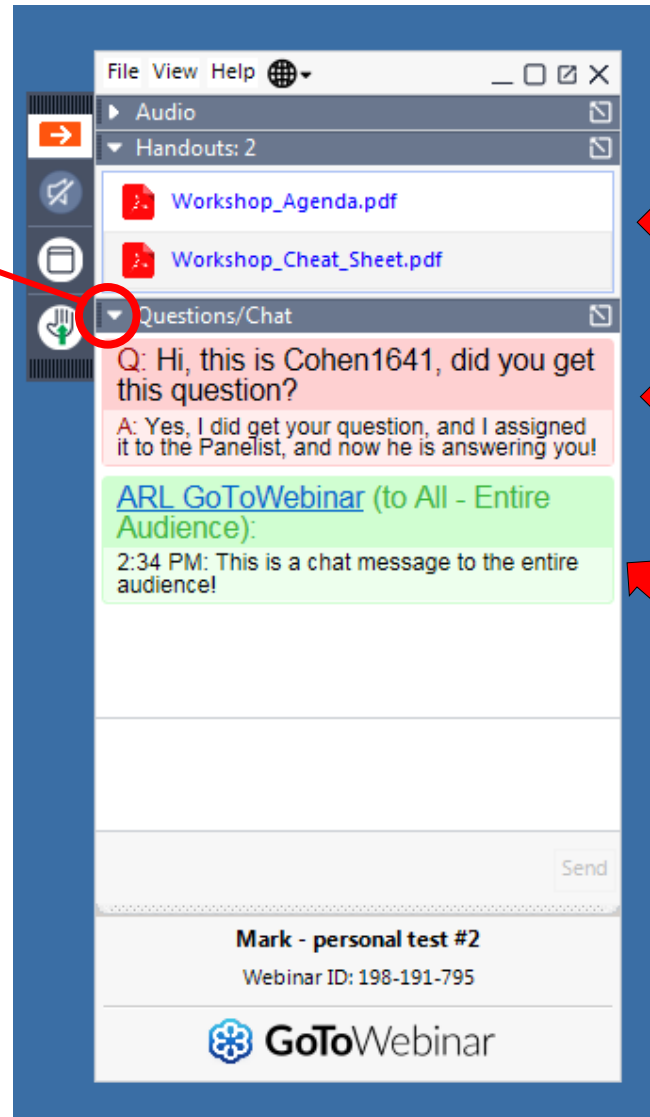

Use the View drop-down menu, for example:

- ✓ to autohide control panel or not
- ✓ to restore the basic default layout if something disappears

Using the Go-to-Webinar Interface

By toggling the little triangle by each Control Panel section, you can expand it or contract it

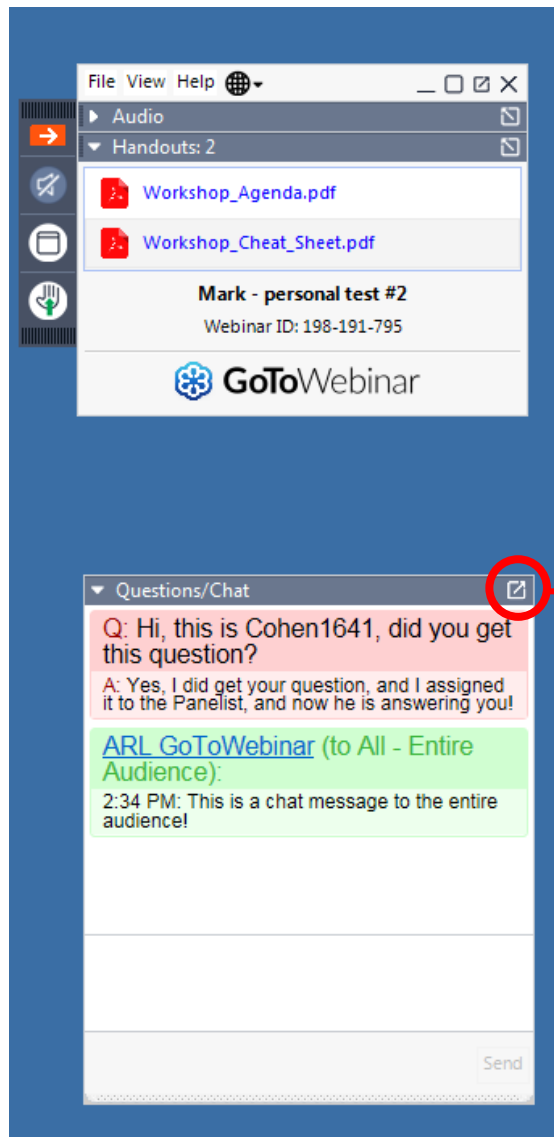

We will put important handouts in this section

When you ask questions of the staff, your questions and answers will be shown in this section

Or when the staff sends the audience a message, you will also see it here

Using the Go-to-Webinar Interface

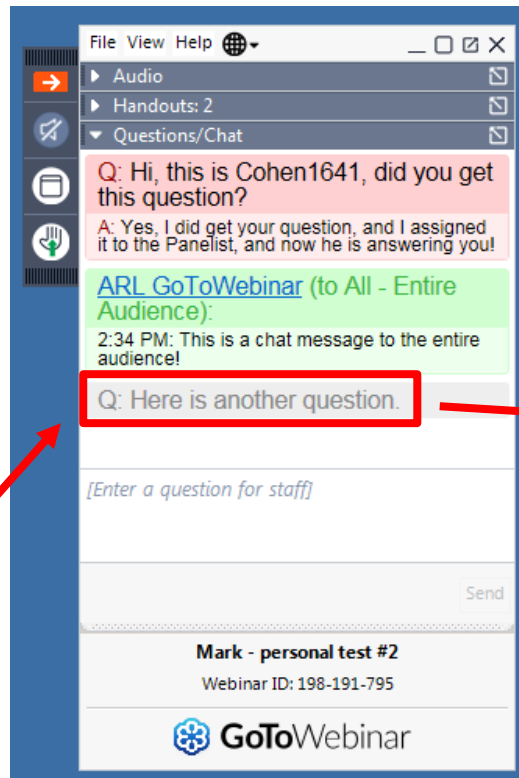

By toggling the little box in the upper right-hand corner of a given section, you can undock it or redock it

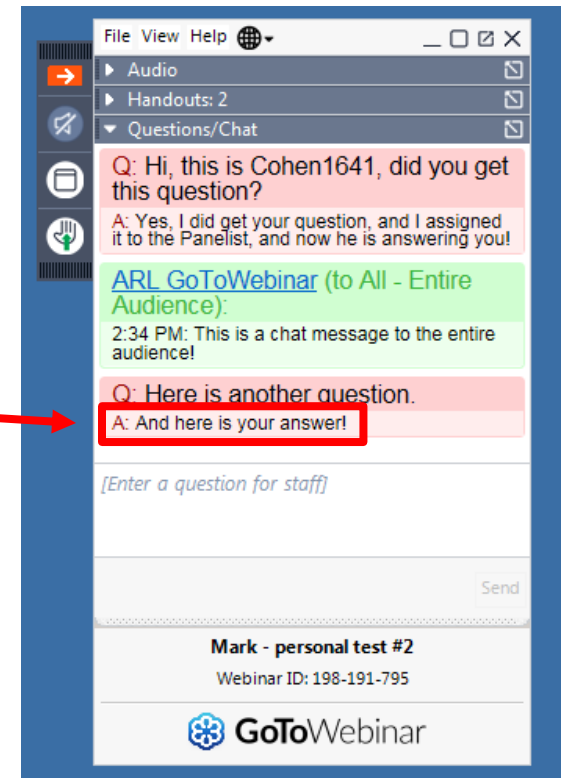

Using the Go-to-Webinar Interface

To ask a question, you type in the empty box, and then hit "send"

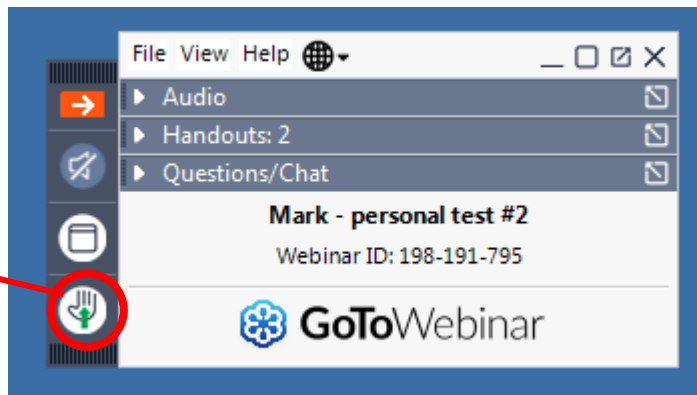

The question you asked should then show up in *your* Control Panel

When we answer it, the answer will show up in *your* Control Panel

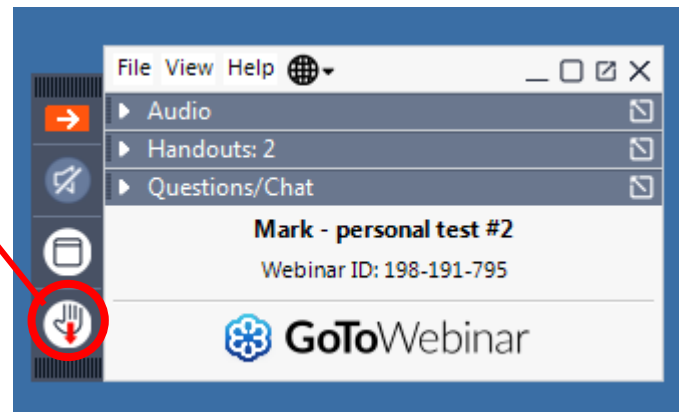

Using the Go-to-Webinar Interface

Sometimes we will ask for a show of hands on a particular question. You click the little hand icon to raise your hand

To lower your hand, you click again on the same icon.

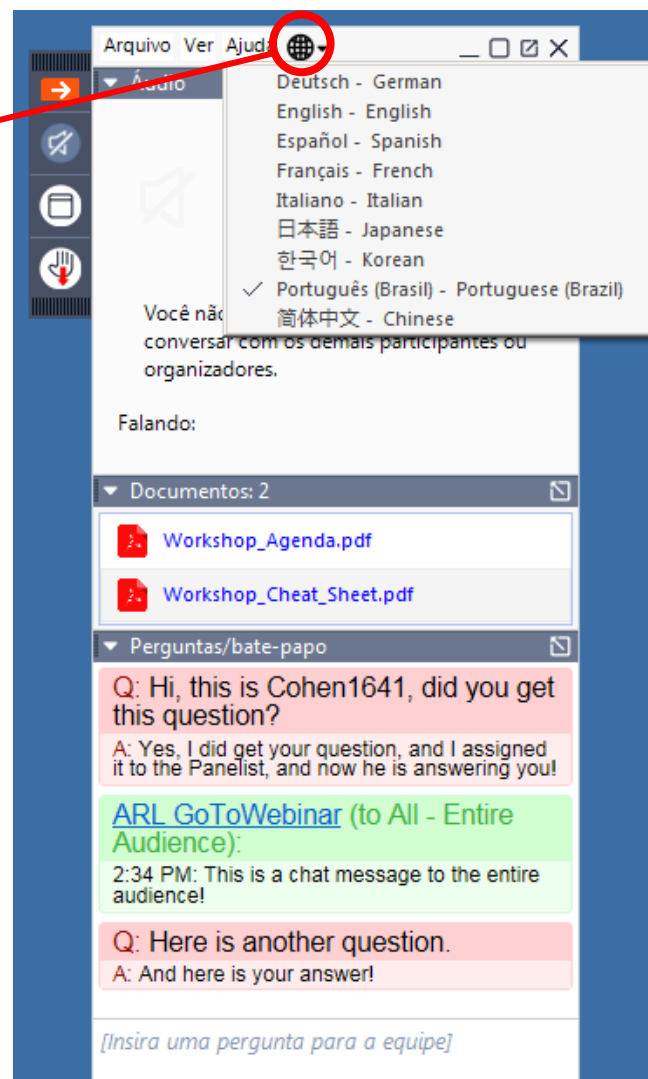

Normally, after we get the answers, we will automatically lower everyone's hand

You are in listen-only mode, so you don't raise your hand to ask a question.

Using the Go-to-Webinar Interface

You can click on the “globe” icon to change the language of the Control Panel. Although Questions and Answers will be in English
